Blizzard Bag #1: Look up a movie for which you would be interested in reading a professional review. Type the movie's title in the search box. Go to the film's page, then scroll down to critics' reviews. Then, click on **Top Critics**; this is where you'll find the best reviews. Read a review of your film and in a well-developed paragraph or two summarize the review and offer your personal opinions as they compare/contrast with the critic's opinions.
